

SUPERHEROES

My superhero is my father.
Every night he comes in my dreams
In a superhero dress
And we fly together in the sky.
Superheroes protect the world,
Just the way my father protects me!

Whenever I need help
I close my eyes,
And he always rushes to me,
And cures my wounds,
Just like a superhero.

Father you are and will always remain
my superhero.
Be the same, be my flame.

SUPERHEROES

My Super Dad!

**I have a superhero,
My favorite, my strong father,
He taught me so many things,
Being my friend, my big brother.**

**How to cycle, how to skate,
How to play badminton, how to swim,
He makes me laugh after a scolding,
I understand that it is to correct me.**

**I love my father a lot,
You are the best.**

SUPERHEROES

**Superhero, Superhero, Superhero
Always fight and capturing villains**

**Without superhero it would be
Impossible to write marvel or DC comics**

**I love superhero.
I love the bravery and courage they show**

**They are cool
They perform stunts and capture villains**

**But Deadpool is by far my favorite superhero
for he is cool and mighty
Superhero, Superhero, Superhero.**

SUPERHEROES

My Father

My superhero is my father
He fulfils all my wishes
He is my favourite superhero.
I play with him every time
We go to different places together
Everyone likes him.
He is good in everything
In tennis, badminton, yoga, etc.
He is intelligent too.
He asks me questions to test my knowledge
He makes me feel loved
And that's why I love him the most.

SUPERHEROES

Up and down we roam the city
We intelligent and witty,
We're so powerful we've got packs
And zoom past you in tracks
We wear long tights and fluttery capes
And at the back it drapes
We have symbols and masks
To hide our real face
We arrive never late
We never make you wait
We help the society and you
Yet credits we get few
Daring and brave
Do you know who we are?
We're the superheroes.

SUPERHEROES

My father is the world's best superhero
He gathers all the love from all over the world
He makes me happy in a minute,
And takes away my sorrows in a second.

He holds my hand in all good things
And he also mends my ways in bad things,
He taught me walk and talk,
To make me a great person.

If I have a problem, or difficulty,
I go and ask him for a key.
He says he has a box of keys,
But I have to choose from it.

He is intelligent
He is bright
He is my favourite
My daddy - the great.

SUPERHEROES

A superhero is my dad,
He never makes me sad.

A superhero protects us,
like my dad, they never make a fuss.

A superhero is very popular,
Like my dad who is spectacular.

A superhero cheers us up,
Like my dad who always knows how to fix me up.

I am thankful to my superhero dad,
Who is always happy and never sad.

SUPERHEROES

A superhero who helps us
A person who loves us
A person who is known as superman.

Batman, Superman, Spiderman, are heroes
I love a superhero, who is good
And give us all the food.

I love a superhero who helps
Like all the elders on all steps.

Not bad
Not rude
But always have to be good.

There will always be a hero
One who will help all the zeroes.

And I want to be one.

SUPERHEROES

Batman nor Superman
Ironman nor Spiderman
Are not true heroes for me.
But, dad you are a real hero
You make me go in right way.
You are against wrong things.
When I am in trouble you lead me in right way.
In every work you help me.
Oh! Dad you are my superhero.

You are best in everything which I know
You play, you sing and dance with me.
Oh dad, you're my superhero.
Oh dad you are my superhero.

SUPERHEROES

Batman, Superman, Spiderman, flash,
hitting and chasing super villains in a dash.

Without superheroes there will be no story
Like batman changing his son into a joker.

Superheroes are fun,
Punching and hitting under the hot sun.

I am the Spiderman of my school
Always surviving and so cool.

But Deadpool is my favorite superhero
So hilarious and cool and says “nofearo “!

We see movies and comics and lots of things
about them,
Not forgetting that they serve the society.

Let us remember them in logos!
And see them in comics hitting their foes.
