# ADVENTURE

Adventures are fun,  
But when they are done,  
They leave you with memories,  
And I'm sure you are pleased.  
I've had many adventures,  
But they're a little in a blur,  
I shall tell this to you,  
I'll narrate it exclusively for you.  
When I was a child,  
A dog went wild,  
I put up a fight,  
And tamed him all right.  
Now it is late,  
I hope I'm up to date.  
It's already night,  
And I'm going to sleep tight.

# ADVENTURE

Out there at the sea,  
Adventure calls out to me.

I load up my boat ,  
And stitch up my coat.

I load up with food,  
While dad supplies me with goods.

I say goodbye to my sister,

She says, “Be safe, dear brother.”

Oh no! I forgot the TV, Oh my, silly little me.

I set out to sail, Without wanting to bail.

I grab my rod, and go fishing,

I expect not to get anything.

Later, I stop to see land,  
With its ground covered by sand.

I now know what awaits me,  
But adventure is the best!

# ADVENTURE

I rode on a dragon,  
In a forest set on fire.  
I rescued my dragon's egg,  
From an eagle's huge nest.  
I hunted along the forest,  
To find a way back home.  
Instead I found a river,  
Flowing with lava.

I jumped across it,  
And following a hungry lion,  
I shot an arrow,  
To strike it out of my way.  
Finally I saw a door,  
And I found a golden key.  
I put it in the hole,  
And I was- Oh!  
A new adventure awaits me.

**Adventure is everywhere,  
Everywhere means everywhere,  
Everywhere we experience it,  
Every place we feel it.  
Adventure makes us adventurous,  
Adventurous makes us fearless,  
Fearlessness leads to bravery,  
And bravery makes us daring.**

**Adventures may be scary,  
Adventures may be challenging,  
Adventures may change you,  
From non-adventurous person to  
adventurous.**

**Adventure is fun,

The more you do,  
The more you enjoy.**

# ADVENTURE

I was off to the underworld,  
With nothing but a black pack,  
It had rupees in it, not even a lakh!

I had to go deep down,  
And meet Hades in his town,  
On my way there was a monster  
Who is the king of horror.

The monster forced me to give my money,  
I didn't even hand him a penny.  
My way was clear I had no fear!  
I was walking with a pride,  
But I had something to hide.  
Then I saw a volcano,  
It had a lava tornado.

I had to cross it In a boat I had to sit.  
It had an anti-lava spray,  
Which took the whole lava in a tray.

When the lava was out,  
The volcano had a doubt.

I fell down at a gate,  
Unfortunately that's my fate.

My boat broke!  
Now it was time for it  
To rest in pieces,  
There was a key found  
From a wood which was around.  
I opened the door with the key,  
And then the lava was free.

**There is adventure where there is fear.**

**For me adventure is sky diving,  
Not to forget also Para gliding,  
To climb a hill, With a scary feel,  
To ride on a roller coaster,  
Which has a nitro booster  
To go in a haunted house,  
And come out with a shivering mouth,  
To jump from a great height for diving,  
And come out of the pool tiring,  
For me all of these are adventure,  
With some thriller and fear.**

# ADVENTURE

Adventure can be everyday,  
Who knows what will come in your way,  
To take risks if you are willing,  
The experience will be thrilling.  
The obstacles and challenges  
you will have to face,  
By this, your dreams you will have to chase.  
Adventure can be in a hole near your home,  
It can be when in a deep forest you roam.

It can be in being a pirate,  
If to sail in mysteries you are set.  
It can be in a roller coaster ride,  
But by the safety rules you must abide.

It can be in climbing a mountain,  
Especially, when there is fog and rain,  
It can be in trying to touch a lion's mane,  
It can be in racing cars.  
It can be in trying to go to Mars,  
Who knows where on your path,  
destiny will lay,  
So, adventure can be everyday.

# ADVENTURE

I went far, far, far  
Away to an unknown land,  
Which was as amazing as Wonderland.  
I felt it was adventurous,  
And to go there, I was curious.  
There were many obstacles,  
But I truly enjoyed them.  
It taught me about life's challenges,  
And I realized that adventure is  
never to be missed.

# ADVENTURE

Adventure is doing something daring,  
It can be something like a sky diving or paragliding.  
Adventure is an experience, which makes memories,  
Which lifelong lasts;  
The memory collection then becomes vast.  
It is a dream of many,  
Some can hardly achieve any.  
Adventure is what it is,  
It has it's own fun,  
From it the adventure never runs.  
Far some it is relaxing, for some it is burden,  
But for some, adventure is never done.

# ADVENTURE

A man went on an adventure,  
For a treasure, With no pressure.

He was very happy,  
Because he was free, He went with passion,  
Not just for fashion, He used some backpacks

He even used some bags.  
It was a little far, So they drove in a car,

Now there was a sea of water,  
They didn't have any motor.

So they travelled in a boat,  
They didn't wear a coat.  
They said, "So what if there's rain?"

They even travelled in a train.  
And they had a great adventure.

**She loves adventure with all her heart, she  
always considers it as a wonderful art.**

**No matter how many times she falls, she  
will be happier if she has more to take.**

**Even though it is difficult,  
She considers it as a piece of cake.**

**She gets hurt and down,  
But She never lets her heart burn.**

**When there is a will, there is always a way.**

**In some way or the other,  
adventure always makes you pay.**

**Her heart skips a beat when she is saved,  
But she knows she is brave.**

**She goes through path ways that are  
confusing as a maze.**

**She says an adventure is something  
we all dream,  
She knows it's not a fantasy on a theme.**

**It is our life in which we live,  
Through our heart we know it's true.  
So then take it as an amusement,  
And live it through.**

# ADVENTURE

I'm in a jet which is above 50,000 feet,  
And I heard a person doing bleat.  
I did a free dive,  
And felt like I'd land on a bee hive.  
I heard someone jump after me,  
I wondered if he could see me.  
And we both realized that  
we had to open our parachute,  
But we forgot, and we were doing owl hoot.  
Finally we landed on sea,  
Nothing to eat but a single pea.  
Searching for a shore,  
Then my pants tore.

# ADVENTURE

My plane had crashed,  
And into my leg, pain lashed.  
I was all alone,  
My company was only the rocks and stones.  
In a distance smoke I found,  
Rising like a snake from the ground.  
All alone in the Amazon forest,  
Some tribe finding me will be the best.  
Towards the smoke I started to crawl,  
The pain in my leg made me bawl.  
Luckily, I could find berries,  
And ate with many queries.

I crawled along the great river,  
The thought of animals made me shiver.  
I saw a huge snake,  
And out could I make.  
It was the snake anaconda,  
Deceiving it was propaganda.  
I escaped safe,  
And a sigh I gave.  
When in the clearing,  
I saw a tribe gathering,  
Which was the best thing  
which happened to me in 5 days.

Risk, fun, thrill all are part of me,  
And later defined as a good memory.  
I am liked by many people,  
And in their minds my memory ripple.  
People come to me with their closed one's,  
And in return I give them happiness in tonnes.  
Sometimes I transcend from fun to risk,  
And then the thrill becomes brisk.  
I also come handy in researches,  
Like the discovery of water forces.  
I am adventure, Freedom from all tortures.  
So, visit me whenever you are free,  
I am waiting for you to see, The real me.....
