Athletics is fun,  
When we can play in the sun.  
Which makes us laugh a ton,  
And be strong like a gun.  
Athletics is a sport everyone can enjoy,  
Whether it is a girl or a boy.  
This is a sport I'll never come late for,  
This is a sport I'll never hate.  
Athletics makes us fit,  
We don't stop, not even a bit.  
Athletics can be fun if we follow the rules,  
We can master the sport and just be cool.

**My hobby, my sport,  
Memories I hold,  
Must be more precious than silver or gold.  
Dashing in the water,  
Gliding in the rain,  
Swimming lane by lane,  
Diving in the pool,  
The water is so cool.  
Enjoying everyday,  
Playing this game,  
Without this sport,  
My day feels grey.**

**My favorite sport is swimming.  
Every morning we do jogging.  
We practice medley,  
Each and every day.  
Freestyle to backstroke,  
We practice back to back.  
Everyday we have a race,  
With competitors face-to-face.  
We go to the South Zone,  
People come from different zones.  
The water is so deep  
Just like it should be.**

At the cozy home of mine,  
Where the game room's window shines,  
On a hot and sunny day,  
I play table tennis .  
Sometimes with my cheeky brother,  
Ah! I just remembered,  
The good old days of  
Table tennis at home,  
Running around catching that ball;  
That takes my breath away,  
But it is all part of the game.

Football a running game,  
A sport for players,  
And a trial to fame.

It's a sport to run,  
A sport to play  
And a sport to have fun!

On the wall of fame,  
We stand high,  
Golds and golds, we take with pride!

The victory voice is heard ,  
Very loud and clear,  
To those who've learned.

I love my sport,  
Don't get board.  
Play it all,  
And never fall.  
I play all day and night,  
Without getting in a fight.  
Swimming all around,  
Winning a crown.  
Making my parent proud,  
And to never let them down.  
But today i say,  
Swimming is a yay.

Sports are very fun to play,  
Even when beside the bay,  
Just do it and start a game,  
And you will get a lot of fame.

My favourite sport is badminton,  
It includes a lot of fun,  
Hit the shuttle with the racket,  
You'll need to take off your jacket.

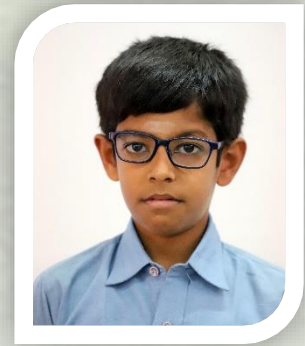

Now you go and play your sport,  
You can play inside a fort,  
These sports are so fun for me,  
And you can play these sports are free.

I love this sport called cricket,  
Its played with a ball and wicket.  
When the bat hit a ball for a six,  
The bowler are in a fix.  
The ball is out by spin or pace,  
And a wicket brings a smile to the bowlers face.  
Even if the ball is a dot,  
It makes them happy quite a lot.  
When The batsman hits a six or four,  
Fans shout, "Give me some more".  
Tournaments are a sensation,  
The winners have quite a celebration.

**My favourite sport is swimming,  
I do it for time being.  
Complete the race before the bell rings,  
A medal is something I need to bring.  
Four strokes are there,  
For our speed we care.  
Four members in the relay team,  
Doing swimming is my dream.  
It is a sport of joy,  
And a sport to try.  
In sahodaya we play as a team,  
To make come true, our forever dream.**

It is a game that we play,  
Running around all day  
Running and jumping,  
Swimming and diving,  
We enjoy running to the core of our hearts.  
With an amazing start,  
With the confidence we enter inside,  
With the trophies in our hands, we come outside.  
All the fun we share,  
Is also what we care.  
We go as a team,  
That's how we achieve our dream.

Athletics is so much fun,  
All we do is run, run, run and run.  
Jumping in the sand all day,  
Everyone wants to play, play, play.  
I would love to do it all day long,  
While singing my favourite song.  
They teach us how to jump so high,  
So that we will reach the sky.  
All the medals we win,  
Could even fill up a tin.  
And all the trophies we get,  
We will never ever forget.

**My favourite sport is cricket,  
Where bowlers take wicket.  
Batsman hit run,  
And the audience has fun.  
Before the match, the coach tells,  
All the best; leave the rest.  
When umpire gives out,  
The audience shouts,  
The team will win the trophy together,  
And they will be remembered forever.**

Diving in the pool,  
Feels so cool.  
Playing in the sun,  
Is so much fun.  
Chasing the otters,  
In the deep waters.  
We have a fun race,  
And we go at a fast pace.  
We work as a team,  
And achieve our dream.  
We share the joy together,  
And the memories that last forever.

Basketball is exciting,  
Where all my friends are smiling.  
On the court, we play,  
While in the match, we stay.  
In basketball, it is fun to run,  
As we run under the sun.  
We make a basket in the hoop,  
And we create a loop.  
We play basketball,  
But sometimes we fall.  
Let's always play,  
Let's always enjoy.
