Friendship is something we need,
Friendship is something we have.
Some keeps us happy,
Some keeps us sad.

We need friendship to keeps us happy,
From the beginning to the end.
Everything you need a help,
Just call for a friend.

Friendship is a bond between friends,
If not it may end.
But a friend so nice,
Will be in the heart of mine.

Bond Of Friendship

Who is a friend?

A friend is a good guy,

Who helps you in your tough times,

Stays with you even if you are in hot soup.

Shares your failures,

And supports your success.

What is friendship?

It is a feeling that tingles,

A bond between two people,

Which never wears off.

It just gets stronger,

But not weaker.
